News Release

RE: New Vice President

Gulf Breeze Consulting, Inc. is pleased to announce that Kenneth Gonzalez, P.E. will be joining our firm as a partner and Vice President effective Monday October 6th. Having recently resigned from Comfort Systems USA Southeast, Kenneth is looking forward to continuing his consulting engineering career with our firm in the greater Pensacola area. Kenneth is a mechanical engineering graduate of the University of South Alabama with over 9 years of engineering experience. He is a licensed Professional Engineer in the states of Florida, Alabama and Georgia. His design background includes HVAC, plumbing and fire protection systems for educational, healthcare, military, religious, residential and commercial projects. Kenneth is also a LEED accredited professional and familiar with the recent movement toward energy efficient and environmentally friendly mechanical systems.

The cornerstones of Gulf Breeze Consulting, Inc. are exceptional customer service and engineering excellence. With Kenneth on board we are positioned to expand on this philosophy. Kenneth and I both look forward to the opportunity of putting our experience and capability to work for you on your next project.

Sincerely,

Gulf Breeze Consulting, Inc.

Dan Nye, President, PE, LEED AP
